OFFICIAL FEE PAYMENT PARTNER

Dear Student,

Namaste!

We are excited to introduce Jodo as our official fee payment partner. Jodo Flex is the primary method for fee payment at Synergem Consultancy Pvt Ltd. This service offers a simple and efficient way to schedule your fee installments through a one-time registration. All students are requested to complete the Jodo Flex registration to arrange term-wise fee payments for the upcoming academic year (2025-26).

With Jodo Flex, you will need to register for an auto-debit facility online based on your school's fee payment schedule. The registration process is quick and will take no more than 2 minutes. Once registered, you will receive automated reminders for each installment via WhatsApp and email, ensuring you're always prepared. On the due dates, the required installment amount will be automatically debited from the parent's registered bank account.

Benefits of Using Jodo Flex:

- **No extra charges:** Students will not incur any additional costs like bank or MDR charges when paying via Jodo.
- **Safe and secure:** Integrated with all private and public banks through the National Payments Corporation of India (NPCI), a division of the RBI.
- **Timely reminders:** Receive reminders 2 and 5 days before the fee payment due date.
